Asbury Avenue Improvements in Evanston

CHICAGO – The Illinois Department of Transportation announced that a resurfacing project on Asbury Avenue in Evanston will begin, weather permitting, Monday, Aug. 7.

The project consists of resurfacing Asbury Avenue between Howard and Oakton streets, as well as cleaning drainage facilities, adding new sidewalks to improve pedestrian accessibility and replacing curbs and gutters. In order to complete the work, intermittent lane and sidewalk closures will be necessary.

The estimated completion date is late October.

Motorists can expect delays and should allow extra time for trips through this area. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.
